INSURANCE

We strongly recommend all clients to purchase comprehensive travel insurance. This should include cancellation, medical, accident, luggage, emergency and diving cover, it is best to arrange this a few months prior to your departure. If you are relying on the insurance provided by your credit card company, please make sure to check in with them about all the necessary steps that need to be taken prior to your trip, in case of damage or in the case of an emergency. In some cases, you will have to pay the costs and claim them back, so to prevent unnecessary surprises it is best to find out the process prior to departure.

We recommend DAN, which can cover just this trip or for a whole year. [Sign up here](#).

Important Note: If you are 70 years of age or older and would like DAN insurance, you will need to contact DAN directly to discuss your options for diving insurance.

Every diver needs to pay the STINAPA marine park fee to make use of the Bonaire Marine Park, which covers all water around Bonaire. It is valid for the calendar year. This nature fee is \$40 per person for all users of the marine park (divers, snorkelers, etc.) and can be bought at the [STINAPA](#) website..

All divers need to attend a mandatory dive orientation before starting to enjoy Bonaire's reefs. The dive orientation is held daily at 9am, 2:30pm and 4pm. Afterwards you need to do your check-out dive on our house reef and then the ultimate dive freedom can start. If you don't have a buddy to go diving with, you can sign up on the "looking for a buddy" board on the dock to find a dive buddy.

We have plenty of dive equipment available to rent, should you not want to bring it with you. Please visit www.buddydive.com/diving/dive-prices/equipment-rental/ for details and the prices.

If you are taking a diving course, we do need you to complete a medical form; should any of your answers be 'Yes', then you will need your Doctors approval before you will be able to dive. The form can be found at www.buddydive.com/save-time-on-check-in

WATER TEMPERATURE

During the winter months the water temperature is between 77-80°F (25-27°C). Most people will find that they are most comfortable in a 3mm wet suit, or perhaps a 2mm for the warm blooded. In summer and fall temperatures can approach 80-84°F (27-29°C). During this period, most people can wear a shorty wetsuit, 2mm wet suits or dive skins with comfort. This can of course vary from one person to another, as people react to temperatures differently.

PRESENTATIONS

Our "[Reef Renewal Project](#)" presentation takes place on Monday evenings at 6.30pm at Blennies Restaurant (starting January 2023). Our Dive Shop Operations Manager Martin and his team invite you to join them in their efforts to regrow coral here at Buddy Dive.
